Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Blind dates are for the birds. Trish Carmichael had been on enough of them to know they weren't her thing. She'd rather go about it naturally and meet someone on her own. The only problem was, it had been over a year since she broke up with her last boyfriend, and she hadn't found anyone yet. She was on her way home from a particularly bad blind date (one she vowed would be her last) when she ran into Brock Rollins at a gas station. Brock had taken something from her in the past, and she harbored grudge against him because of it. She was typically the type to forgive and forget, but the bad date was fresh on her mind, and she ended up unloading on him. Burying the hatchet between the two of them seemed impossible. Seeing him as a love interest was out of the question. But sometimes even the most unlikely things happen.
