

American Weeds and Useful Plants: Being a Second And; Illustrated Edition of Agricultural Botany (Classic Reprint) (Hardback)

By William Darlington

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from American Weeds and Useful Plants: Being a Second And; Illustrated Edition of Agricultural Botany Agriculture, in a broad and legitimate sense, being a comprehensive system Of Natural Science - involving more especially a practical acquaintance with the useful portion Of the Vegetable Creation, I have long thought it due to the Profession, and desirable in every point Of view, that the young Farmers of the United States should acquire an exact knowledge Of the Plants which it immediately concerns them to know and that they should be enabled to designate, and treat Of them, with the precision and methodical perspicuity which belong to scientific language and arrangement. Under this impression, and in the hope Of promoting an Object deemed so important, the present work has been compiled. In submitting it to those for whom it is more particularly intended, I am not unaware that its technical features are ill-suited to the notions Of many plodding disciples Of the Old school of Agriculture, who despise every form of knowledge derivable from Books, - and whose ideas never stray beyond the manual Operations Of...

Reviews

Merely no words to explain. I really could comprehend everything out of this published e book. I found out this publication from my dad and i suggested this publication to learn.

-- Prof. Margarita Ledner PhD

This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Gilbert Stroman
