Reviews

Complete guideline for ebook lovers. Better than never, though i am quite late in start reading this one. Its been printed in an remarkably simple way in fact it is only right after i finished reading this book through which in fact transformed me, alter the way in my opinion.

(Montserrat Runolfsdottir)

KAKURO FOR BEGINNERS (PAPERBACK)

Dover Publications Inc., United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Welcome to kakuro, the addictive brain teaser! This Japanese puzzle craze, sometimes called cross-sums or kakro, is sudoku s bigger (and tougher) brother. As with all good puzzles, the rules are easy to learn but the game is difficult to master. These 101 puzzles are specifically designed to introduce novices to the game. Like a crossword puzzle, the playing area consists of filled and empty squares. Some of the black squares contain a diagonal slash from top left to bottom right, with numbers in them--the clues. A number in the top right corner relates to an across clue, and one in the bottom left to a down clue. The object is to insert digits from 1 to 9 into the white squares that add up to the associated clue; however, no digit can be duplicated in an entry. For example, for a total of 6, you could have 1 and 5 or 2 and 4, but not 3 and 3. Easy, right? Beware! It gets more complicated. In case you re stumped, solutions appear at the end.
