Baumarius, 2015. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Victernus is a sci-fi novel about a scientist who tries to escape humanity in an effort to find something that was lost to him when he was very young. His efforts are met with extreme resistance, and he and his companions are forced to fight against a corrupt society and government to make any sort of progress. But, when the hate between both sides grows too strong, is there anyone who can stop a full-scale war against the people of Earth? The book is accompanied by a full orchestral soundtrack, which may be found here. After receiving feedback from the community at large, please note that the author has decided to rewrite this book and its soundtrack, to be released again later as Kadamitas. Unfortunately, the book was written under the influence of a conservative family clouded by conspiracy theories and psuedoscience, which made Baumarius (aka Lucas Masoch) reluctant to put the real reason he wrote this book into the book itself. Thus, its larger meaning was lost. Having escaped from his family, he now hopes to make Victernus a shadow of what Kadamitas will be - please keep these things in mind if you decide to read this book. If you d like to keep tabs on it, he will announce his progress on Youtube when it is ready. Thanks!
