STORIES OF CALIFORNIA (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A Spanish story written four hundred years ago speaks of California as an island rich in pearls and gold. Only black women lived there, the story says, and they had golden spears, and collars and harness of gold for the wild beasts which they had tamed to ride upon. This island was said to be at a ten days journey from Mexico, and was supposed to lie near Asia and the East Indies. Among those who believed such fairy tales about this wonderful island of California was Cortes, a Spanish soldier and traveller. He had conquered Mexico in 1521 and had made Montezuma, the Mexican emperor, give him a fortune in gold and precious stones. Then Cortes wished to find another rich country to capture, and California, he thought, would be the very place. He wrote home to Spain promising to bring back gold from the island, and also silks, spices, and diamonds from Asia. For he was sure that the two countries were near together, and that both might be found in the Pacific Ocean, or South Sea, as he called it, by sailing northwest.
