

Clinical Workbook for Speech-Language Pathology Assistants

By Robert S. Kraemer, Jacqueline Bryla

Plural Publishing Inc, United States, 2017. Spiral bound. Condition: New. Workbook. Language: English . Brand New Book. The Clinical Workbook for Speech-Language Pathology Assistants is a workbook for Speech-Language Pathology Assistants (SLPAs) and Speech-Language Pathologists (SLPs), as well as instructors and students, that provides a generous toolbox for students to implement during their field work experience. This workbook is the first of its kind with activities that employ applications (apps). In addition to the apps, each chapter includes examples of basic treatment objectives in order to guide the SLP/A when choosing a treatment method for a corresponding treatment need. The activities are tried and true and, as such, have been carefully thought-out before being considered for inclusion in the text. For ease of implementation, each activity is explained with detailed, step-by-step instructions and supporting photographs. The workbook has a chapter dedicated to the communication needs of various clientele and includes: *Speech Sound Disorders (SSD). Activities addressing the needs of clients with articulation and phonological disorders as well as apraxia of speech (AOS). *Communicative Intent. Activities addressing the needs of clients who struggle with intentional communicative intent, replacing off-task communication behavior with a functional communication system. *Language Disorders. Activities addressing both receptive and expressive language...
