Dimensions: 9.0in. x 6.0in. x 0.6in.C Programming Professional has arrived: thoroughly master it, with the definitive new guide from author Harry, C Programming Language, Sixth Best Selling Edition 2014! The brand-new edition of the worlds most trusted and widely read guide to C, it has been comprehensively updated for the long-awaited CBeginners. This book introduces standard C and the key programming and design techniques supported by C. Standard C is a far more powerful and polished language than the version of C introduced by the first edition of this book. This book presents every major C language feature and the standard library. It is organized around language and library facilities. However, features are presented in the context of their use. That is, the focus is on the language as the tool for design and programming rather than on the language in itself. This book demonstrates key techniques that make C effective and teaches the fundamental concepts necessary for mastery. Except where illustrating technicalities, examples are taken from the domain of systems software. The primary aim of this book is to help the reader understand how...
