Reviews

It is a single of the most popular ebook. Better than never, though I am quite late in starting to read this one. You will not feel monotony at any moment of your own time (that's what catalogs are for about when you request me).

They believe that anything is an adventure if they just make it so. Sometimes their imaginations get them into trouble, or cause them to become worrisome. Together, the two brothers can conquer their fears, meet new friends, and embark on new adventures throughout their forest home and beyond. Fiddle and Dee and the Bedtime Band is about hearing the noises of the night and being frightened by them, only to discover they really aren't that bad at all. That the noises can actually be soothing, and can bring on peaceful sleep and nice dreams. This book is Book 1 in The Adventures of Fiddle and Dee series, so stay tuned for more bunny fun! These stories were written through asking questions both on his part and on mine. They were built gradually through us talking, weaving, winding, and laughing our way through problems or situations together. The joy we felt each time Fiddle and Dee faced a new fear, or made a silly assumption, or thumped their feet in frustration only to realize they could communicate in other ways, was incredible. I hope that the joy that these stories brought us has come to...
